

## AMENDMENTS TO THE CLAIMS

The following is a complete, marked up listing of revised claims with a status identifier in parentheses, underlined text indicating insertions, and strikethrough and/or double-bracketed text indicating deletions.

### LISTING OF CLAIMS

1. (CANCELLED)

2. (CURRENTLY AMENDED) A seamless BB Paintball comprisinges:

~~-an oil-based solution and a gelatin-based aqueous solution; including the oil-based solution comprising~~ 1%-5% (W/W) edible dye in edible oil selected from a group consisting of or vegetable oils and synthetic oils; and

a the generally spherical gelatin-based shell enclosing the oil-based solution and formed from a gelatin-based aqueous solution including ~~contains~~

\_\_\_\_\_ 10%-34% (W/W) gelatin,

\_\_\_\_\_ ~~that can also comprises~~ 1%-10% (W/W) PEG,

\_\_\_\_\_ 1%-10% (W/W) starch, and

\_\_\_\_\_ 0.1%-1% (W/W) edible dye ~~in distilled water~~.

3. (WITHDRAWN AND CURRENTLY AMENDED) The seamless BB Paintball  
according to claim 2, wherein:

~~manufactured by the method according to claim 1, the~~ generally spherical gelatin  
shells capsules have a diameter of 5-9 mm after drying and hardening.

4. (CURRENTLY AMENDED) The seamless BB Paintball ~~composes of,~~ according to  
claim 2, wherein:

the vegetable oils are selected from a group consisting of peanut oil, soybean oil,  
corn oil, sunflower oil and olive oil.

5. (CURRENTLY AMENDED) The seamless BB Paintball ~~composes of,~~ according to  
claim 2, wherein:

the vegetable oils are selected from a group consisting of short-chain and  
medium-chain fatty acids.

6. (CURRENTLY AMENDED) The seamless BB Paintball ~~composes of,~~ according to  
claim 2, wherein:

the PEG is selected from PEGs having ~~with molecular weights ranging~~ between  
200 and 6000 daltons.

7. (CURRENTLY AMENDED) The seamless BB Paintball ~~composes of,~~ according to  
claim 2, wherein:

the PEG includes at least two or more than two different types of PEG having  
~~with different molecular weights added in appropriate proportions.~~

8. (CURRENTLY AMENDED) The seamless BB Paintball ~~composes of~~, according to  
claim 62, wherein:

the PEG has with an average molecular weights between 400 and 6000 daltons  
preferentially.

9. (CURRENTLY AMENDED) The seamless BB Paintball ~~composes of~~, according to  
claim 2, wherein:

the PEG includes only one type of PEG.

10. (CURRENTLY AMENDED) A~~The~~ seamless BB Paintball ~~composes of~~,  
comprising according to claim 2, :

an oil-based solution including 1%-5% (W/W) edible dye in an edible oil selected  
from a group consisting of vegetable oils and synthetic oils; and

a generally spherical gelatin-based shell enclosing the oil-based solution and  
formed from a gelatin-based aqueous solution including

~~aqueous solution containing~~

~~a 15%-30% (W/W) gelatin,~~

~~that can consist of 1%-5% (W/W) PEG,~~

~~6%-10% (W/W) starch, and~~

0.6%-1% (W/W) edible dye.

11. (NEW) A seamless BB Paintball comprising:

an oil-based solution including 1%-5% (W/W) edible dye in an edible oil selected from a group consisting of vegetable oils and synthetic oils; and

a generally spherical gelatin-based shell enclosing the oil-based solution and formed from a gelatin-based aqueous solution including

10%-34% (W/W) gelatin,

1%-10% (W/W) PEG,

1%-10% (W/W) starch, and

0.1%-1% (W/W) edible dye,

wherein a dry weight ratio of the gelatin and PEG incorporated in the shell is between 17.0 and 1.0.

12. (NEW) A seamless BB Paintball according to claim 11, wherein:

the dry weight ratio of the gelatin and PEG incorporated in the shell is between 9.3 and 4.4.

13. (NEW) A seamless BB Paintball according to claim 11, wherein:

the dry weight ratio of the gelatin and PEG incorporated in the shell is between 9.3 and 1.0.

14. (NEW) A seamless BB Paintball according to claim 11, wherein:  
  
the dry weight ratio of the gelatin and PEG incorporated in the shell is between  
4.4 and 1.0.
